Dear Mr. Enevoldsen,

Re.: FEE Comments on EFRAG's assessments for endorsement of IFRIC 19 – *Extinguishing Financial Liabilities with Equity Instruments*

- FEE (the Federation of European Accountants) appreciates the invitation to comment on EFRAG's assessments for endorsement of IFRIC 19 – *Extinguishing Financial Liabilities with Equity Instruments* ("IFRIC 19").
- (2) We support EFRAG providing a positive endorsement advice and we broadly agree with the assessments formulated by EFRAG, without detailed examinations by FEE of the proposals and underlying assumptions.

EFRAG's technical assessment of IFRIC 19 against the endorsement criteria

- (3) In our letter to IFRIC dated 12 October 2009, we detailed our comments regarding IFRIC Draft Interpretation D25 *Extinguishing Financial Liabilities with Equity Instruments*.
- (4) On 26 November 2009, the IASB has issued the publication of IFRIC 19 *Extinguishing Financial Liabilities with Equity Instruments.* We support EFRAG's assessments of IFRIC 19 against the endorsement criteria, recommending adoption.

EFRAG's evaluation of the costs and benefits of the Amendments

(5) We broadly agree with the evaluation of the costs and benefits of IFRIC 19 *Extinguishing Financial Liabilities with Equity Instruments* as provided by EFRAG but have not carried out a detailed examination.

Assessment Process

- (6) We believe that, in the current financial reporting environment, Europe needs to make every effort to prevent the creation of new deviations from IFRS. Furthermore, it needs to avoid to the extent possible any timing differences caused by delays in the endorsement mechanisms.
- (7) An enhanced due process for the IASB and IFRIC, improved governance of the IASB and timely and high quality European influence early in the standard setting process should result in international standards and interpretations that are acceptable for Europe. This European influence is expected to be exercised at, or before, exposure draft stage. EFRAG was created for that purpose and has the full support of FEE. As a due process is in place, at both IASB and EFRAG levels, these processes are expected to result in standards that are suitable for positive endorsement.

Endorsement

(8) FEE supports the endorsement of IFRIC 19 *Extinguishing Financial Liabilities with Equity Instruments*.

We would be pleased to discuss any aspect of this letter you may wish to raise with us.
